

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Wednesday, Sep 15th

Time

12:00 p.m. **Registration**

02:30 p.m.	Pre-conference Workshop I		Pre-conference Workshop II		Pre-conference Workshop III		Pre-conference Workshop IV	
	CaseMix in mental health – Sandra Hein		From CaseMix to clinics - Michael Wilke		Exploring CaseMix for a population: Beyond the hospital bed		A smooth introduction into CaseMix	
	Speaker 1	General framework Martin Braun	Speaker 1	Cost-effectiveness of ballon-kyphoplasty Michael Greiling	Speaker 1	CaseMix applications in the integrated and the ambulatory sector Karen Kinder	Speaker 1	Introduction and basic principles Jean Marie Rodrigues
	Speaker 2	Coding Sandra Hein	Speaker 2	Enhancing the quality of malnourished patients and measuring CaseMix effects Michael Wilke	Speaker 2	Resource Allocation and Financing Stephen Sutch, Peter Lee	Speaker 2	CaseMix implementation in the world Dana Burduja
	Speaker 3	Cost calculation Michael Rabenschlag	Speaker 3	Charting the course using DRGs to document the main Outcome Quality Indicators : mortality, readmissions, and complications Marc Berlinguet	Speaker 3	Performance Assessment Karen Kinder, Klaus Lemke	Speaker 3	CaseMix and quality of care Terri Jackson
	Discussion	in plenary All	Speaker 4	The lengh of stay: the risk of missing Carlos Elvira	Speaker 4	Management and Identification of High Risk Patients Martha Sylvia, Paulo Boto	Speaker 4	The topics of the PCSI International Summer and Winter Schools Jean Marie Rodrigues

04:30 p.m. **Registration**

05:30 p.m. **Welcome Reception**

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Thursday, Sep 16th

Time

09:00 a.m. Opening Plenary Session		
Speaker 1	Opening and Greetings from the President of PCSI	Pou I Erik Hansen
Speaker 2	Greetings from the host	President of the University
Speaker 3	Greetings from the LOC	Günther Neubauer
Keynote Address 1	What do we get for our money in Germany	Georg Baum
Keynote Address 2	The Euro Health Consumer Index and Value-for-Money in European Healthcare	Arne Björnberg

10:30 a.m. Coffee break

11:00 a.m.	Parallel Session I	Chair:	Parallel Session II	Chair:	Parallel Session III	Chair:	
	Developments in Costing Health Care Services	<u>Céu Mateus</u>	Advances in Classifications	<u>Jugna Shah</u>	Managing the Health System	<u>Michael Wilke</u>	
Speaker 1	Processing Costed Inpatient Episodes to Cost Weights for Inlier Equivalent Separations: The ends should fit the means	Christopher Aisbett	Speaker 1	To Code or not to Code? Clinical documentation in the IT era	Speaker 1	Casemix and patient level costing. Australia takes a fresh approach	Patrick Power
Speaker 2	Healthcare costing in the Netherlands	Rene Meijer	Speaker 2	Towards the International Classification of Health Interventions (ICHI): Step 2 populating the ICHI content model with existing coding systems	Speaker 2	Casemix Funding in Ireland: From Retrospective to Prospective?	Brian Donovan
Speaker 3	Development of Australian National Costing Standards; framework for improving quality	Kevin Ratcliffe	Speaker 3	Evaluation of the French Procedures Classification for Medico-Economic Evaluation of Endoscopic Activities in a Hospital : Three Different Search Strategies	Speaker 3	Using Case Mix tools to Manage the Healthcare System	Dr. Brian Ruff
Speaker 4	From Specialties to Patients; The Hong Kong Hospital Authority's Journey in Casemix Costing	KH Lee	Speaker 4	Data quality issues In DRG databases	Speaker 4	When is an admission not an admission?	Steve Gillett

12:30 p.m. Lunch

26th PCSI annual Conference - Munich Germany Preliminary Program

Version:

2.5

Date

24.08.2010

Thursday, Sep 16th

Time

Plenary Session I			Chair:
01:30 p.m.	What do we get for our money – practical experiences		Jean-Marie Rodrigues
	Speaker 1 Advantages, disadvantages and feasibility of Pay-for-quality programs in Belgium	Pieter Van Herck	
	Speaker 2 Hospital reimbursement and readmissions. Norway 2002, 2005 and 2008.	Stein Petersen	

02:30 p.m. Coffee break

03:00 p.m.	Parallel Session IV	Chair:	Parallel Session V	Chair	Parallel Session VI	Chair:
	Innovations in Case Mix	<u>Frank Heimig</u>	Modelling and Estimation	<u>Brian Ruff</u>	Exploring Case Mix Data	<u>Dana Burduja</u>
	Speaker 1 Designing maternity episode of care classifications across public/private hospital sectors	Terri Jackson	Speaker 1 Who is most likely to require a higher level of care: Predicting risk of hospitalization	Daniel Louis	Speaker 1 Using admission from the emergency room to improve predictions of resource use and length of stay for acute inpatient admissions in Ontario	Martin Perry
	Speaker 2 Patterns of Individual Patient Admissions Over Time in Hong Kong Hospitals	Steve Gillett	Speaker 2 RxModel, development and Test in Portugal	Rui Santana	Speaker 2 Error DRGs; what are they for?	Kristiina Kahur
	Speaker 3 Use of The Adjusted Clinical Groups (ACG) Methodology for Case Mix Adjustment in Measuring Provider Patterns of Medical Care Utilization as part of Pay for Performance Programs	Martha Sylvia	Speaker 3 Utilizing an Individual's demographics and pattern of morbidity to describe expected healthcare costs	Stephen Sutch	Speaker 3 Urgences and DRGs	Wolfram Fischer
	Speaker 4 An Early European Adoption of Australian-Developed Approaches to Clinical Coding and Casemix Classification: The Irish Experience Five Years On	Miriam Wiley	Speaker 4 Population-based Modeling of Hospitalization Risk with the ACG Predictive Modeling Framework	Klaus Lemke	Speaker 4 Representation of patients with highly complex nursing in the German procedure classification for the purpose of a better differentiation and remuneration in the G-DRG system	Christine Becker

04:30 p.m. Poster Session

05:30 p.m. Cocktail and Announcement of the best Poster

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Friday, Sep 17th

Time

Plenary Session II		Chair:
09:00 a.m.	Invited Speakers: "What do we get for our money?"	Frank Heimig
Speaker 1	Opening Pou I Erik Hansen	
Speaker 2	Clinical quality developments in Ireland Dr. Barry White	
Speaker 3	SwissDRG - Recent developments and outlook towards 2012 Dr. Carlo Conti	
Speaker 4	Wrap up and outlook in Germany Frank Heimig	

10:30 a.m. Coffee break

11:00 a.m.	Parallel Session VII	Chair:	Parallel Session VIII	Chair:	Parallel Session IX	Chair:
	Case Mix Based Funding	<u>Michael Wilke</u>	Lessons from Case Mix Implementations	<u>Olafr Steinum</u>	Case Mix Measurement	<u>Virginia Jordan</u>
Speaker 1	Activity Based Funding, Getting There & Getting Value for Money - The Challenge for Gold Coast Hospital Stephen Cole		Speaker 1	What Do We Get for Our Money in Denmark? How the Danish Casemix-System Helps Answer the Question Svend Saerkjaer	Speaker 1	Determining morbidity profile, health service utilization and health provider efficiency in the Rejang River Basin, Sarawak, Malaysia based on Teleprimary Care data and the Johns Hopkins ACG System Peter Lee
Speaker 2	introducing Pay-for-performance within Hong Kong's Public Hospitals KH Lee		Speaker 2	G-DRG as a basis for international DRG implementation: Experiences from the first project year in Cyprus Christian Jacobs	Speaker 2	Stability and variation in burden of illness between primary health care centres in Stockholm, Sweden Peter Bolin
Speaker 3	Whatever is a National Efficient Price for Casemix Based Performance Funding? Richard Marshall		Speaker 3	Utilization of clinical tools to understand healthcare differences of the Discovery Health population Akshay Persadh	Speaker 3	Impact of Introducing Case-mix on Efficiency of Teaching Hospitals in Malaysia Syed Aljunid
Speaker 4	The funding system and incentives in Portuguese hospitals Rita Mendes		Speaker 4	Adapting the ACG Case-Mix System to Swedish Health Care – creating Swedish weights Andreas Johansson	Speaker 4	Primary Health Care Needs-based Resource Allocation through Financing of Health Regions Alexandre Lourenco
			Speaker 5	DRG Implementation in Cyprus – Transfer of Know-how for Coding, Grouping and Remuneration Dr. Nikolai v. Schroeders		

12:30 p.m. Lunch

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Friday, Sep 17th

Time

	Parallel Session X	Chair:	Parallel Session XI	Chair:	Parallel Session XII	Chair:
01:30 p.m.	Maximizing the Utility of Our Data	<u>Jason Sutherland</u>	Information Technologies and Opportunities	<u>Jacob Hofdijk</u>	Introducing Case Mix Measurement	<u>Chris Aisbett</u>
	Speaker 1 Potentially Preventable Readmissions - narrowing identification of patients at Risk of unplanned readmission	Marc Berlinguet	Speaker 1 ICD-11 Revision: where are we now? Ontology driven tools and web platform	Jean Marie Rodrigues	Speaker 1 Implementation of a Patient Classification System in a University Hospital	Ariane Dini
	Speaker 2 Implications of differences in performance in efficiency and effectiveness in Portuguese hospitals	Silvia Lopes	Speaker 2 Making maintenance of the casemix system user friendly	Camilla Pedersen	Speaker 2 Inpatient Care - The Case for DRGs Cyprus National Health Insurance System	Christophoros Georgiades
	Speaker 3 A simulation model to measure the impact of introducing new procedures in cardiology	Michael Wilke	Speaker 3 Using existing grouper software as backend for a grouper on the web	Jesper Iwersen	Speaker 3 The Case-Mix System and its use in describing the activity of the Heart Center in Sanatorio Americano, during the years 2007-2008 and 2009. FEMI. URUGUAY	Daniela Cabrera
	Speaker 4 Patient Classification Systems and Health Technology Assessment: intertwining or colliding worlds?	Ceu Mateus	Speaker 4 iRMA: a web interface for ICD10 code and context retrieval.	Matthieu Hubert	Speaker 4 New Dutch casemix system in the Netherlands	Marcel Jonker

03:00 p.m. **Coffee break**

03:30 p.m.	Plenary Session III		Chair:
	Featured Talks: "Case Mix Self-Reflections"		<u>Jugna Shah</u>
	Speaker 1 Can DRGs be Over Cooked? Or how fine a refinement is that?	Christopher Aisbett	
	Speaker 2 Health Measurement for care-management using the International Classification of Functioning codes	Jiro Okochi	

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date

24.08.2010

Friday, Sep 17th

Time

	Parallel Session XIII	Chair:	Parallel Session XIV	Chair:	Satellite Symposium	Chair:	
04:30 p.m.	Benchmarking	<u>Jiro Okochi</u>	Health System Management	<u>Carlos Elvira</u>	Innovation funding	<u>Michael Wilke</u>	
	Speaker 1 Imaging the Costs - Benchmarking Radiology Resource Usage in Queensland	Stephen Cole	Speaker 1 How Case Mix Can Influence the 'Value Proposition' In Health Care	Karen Kinder Siemens	5 min. oral present. How do innovations find their way into the healthcare system (especially reimbursement) from each country	Various speakers from 8 major countries --> Names follow	
	Speaker 2 Differences in the average length of stay: can we measure differences in efficiency?	Carlos Elvira	Speaker 2 Potential efficiency and quality gains from using predictive modeling and Case management in a Primary care population	Paulo Boto			
	Speaker 3 Key Performance Indicators (KPI) - What is our Casemix data telling us?	Jacob Johnson	Speaker 3 Using the Adjusted Clinical Groups Case Mix System to Identify and Stratify patients with Chronic Illness for Population Health Management Interventions	Martha Sylvia			
	Speaker 4 Comparing prices and costs in Portuguese hospitals	Ana Marques	Speaker 4 Burden of illness for outpatients care: a two-year study in Thailand	Nilawan Upakdee			
						Joint Discussion	

06:00 p.m. **PCSI - General assembly**

08:00 p.m. **PCSI - Dinner --> 'Bavarian Night'**

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Saturday, Sep 18th

Time

9:00 a.m.	Parallel Session XV	Chair:	Parallel Session XVI	Chair:	Parallel Session XVII	Chair:
	Health System Planning and Costing	<u>Jason Sutherland</u>	Innovations in Rehabilitation Funding	<u>Douglas Yeo</u>	Case Mix and Clinical Investigations	<u>Stephen Sutch</u>
	Speaker 1 How the DRG-system has changed the planning capacity in the Danish Healthcare Sector	Claus Rehfeld	Speaker 1 Patient classification in rehabilitation as a basis for performance-related payments	Günter Neubauer	Speaker 1 Impact of diabetes mellitus on resource consumption among the angina patient institutionalized in the Japanese acute hospitals	Shinya Matsuda
	Speaker 2 Cost calculation to determine DRG parameters in the Czech Republic	Zdenek Pav	Speaker 2 Rehabilitée-Management-Categories (RMK = Rehabilitanden-Management-Kategorien) a demand-related and performance-related patient classification in medical rehabilitation in Germany.	Karla Spyra	Speaker 2 Using Hospital Discharge Abstract Data to Identify Incident Breast Cancer Cases and Assess Quality of Care	Daniel Louis
			Speaker 3 SWISS CLASSIFICATION SYSTEM FOR REHABILITATION PATIENTS	Gianni Rossi	Speaker 3 Cancer among Patients with Diabetes, Obesity and Blood Lipids in a Population Based Register Study in Sweden	Bo Attner

10:00 a.m.

Coffee break

26th PCSI annual Conference - Munich Germany Preliminary Program

Version: 2.5

Date 24.08.2010

Saturday, Sep 18th

10:30a.m.	Parallel Session XVIII	Chair:	Parallel Session XIX	Chair:	Parallel Session XX	Chair:		
	Innovations in Health System Funding	<u>Richard Marshall</u>	New Directions for Case Mix	<u>Martti Virtanen</u>	International Experiences with Case Mix	<u>Céu Mateus</u>		
Speaker 1	Key performance indicators – a tool to answer the questions What do we get for our money and how can we use this money even more efficient?	Mette Bork Hansen	Speaker 1	Applying Collaborative Tools for CaseMix Practices Development	Tapio Pitkoranta	Speaker 1	Case-mix Online: Development of A Distant Learning Programme For Capacity Building on Case-Mix System For Developing Countries	Syed Aljunid
Speaker 2	DRG, BSC and EBM: Time to work with one another	Shahram Ghaffari	Speaker 2	Classification of Primary Care Activity in Emergency Departments; progress towards national reporting in Australia	Kevin Ratcliffe	Speaker 2	Case mix pilot system leads to health financing reform in Mongolia	Oyun Chimeddamba
Speaker 3	Invalid inpatient stays and their potential reimbursement	Isabel Garcia Lema	Speaker 3	Redevelopment of the CACS Ambulatory Care Grouper: Emergency Component	Holly Bartoli	Speaker 3	Experiences of implementating Case Mix system in health care network FEMI, Uruguay, Montevideo	Daniela Cabrera
Speaker 4	Funding intensive care in systems using DRGs - an international comparison	Stefanie Ettelt	Speaker 4	Capacity Building in Development of Case-mix System for Provider Payment in The Philippines	Syed Aljunid	Speaker 4	Feasibility study of Casemix in Iran	Shahram Ghaffari

12:00 p.m.	Closing Plenary Session		Chair:
	Conference summary and hello to Canada		<u>Poul-Erik Hansen</u>
Speaker 1	Summary from the president	Pou I Erik Hansen	
Speaker 2	Summary from the local organizing comittee	Günther Neubauer	
Speaker 3	Hello to Canada	Douglas Yeo	

12:30 p.m. End of the 26th PCSI annual conference
