32nd PCSI Conference Programme
Dublin, Ireland

Tuesday	9.00-12.00	Registration						
4th Oct 2016	10.00-13.00	*Auditorium* **Workshop 1** *Managing performance under Activity Based Funding* *Grattan Institute, Australia*	10.00-13.00	*Poddle Room* **Workshop 2** *The future of Case-mix – how is it likely to change and why?* *Pavillion Health, Australia*	10.00-13.00	*Courtyard 1 Room* **Workshop 3** *Patient Costing - Everything you need to know!* *Powerhealth Solutions*	10.00-13.00	*Dodder Room* **Workshop 4** *A smooth introduction to case mix for newcomers* *PCSI Committee*
	13.00-14.00	Lunch						
	14.00-17.00	*Auditorium* **Workshop 5** *A multidimensional approach to assessing the quality of clinically coded data* *Healthcare Pricing Office, Dublin & Pavillion Health, Australia*	14.00-17.00	*Poddle Room* **Workshop 6** *Improving Population Health Management through Risk Adjustment* *Johns Hopkins University, Johns Hopkins HealthCare Solutions*	14.00-17.00	*Courtyard 1 Room* **Workshop 7** *Implementation of a System to Cost Patients in Ireland – Challenges and Benefits* *Healthcare Pricing Office and Mater Misericordiae University Hospital, Dublin, Ireland*	14.00-17.00	*Dodder Room* **Workshop 8** *Economics of Adverse events* *Melbourne University, Australia*
	18.00	Welcome Reception at Dublin Castle						

Wednesday	8.00-8.30	Registration						
5th Oct 2016	8.30-9.00	**Conference Opening and Welcome** *PCSI President Dr Dana Burduja*						
		Official Opening of the Conference by the **Minister for Health - Mr Simon Harris T.D.**						
	9.00-9.30	**Keynote Speakers** ***Mr Tony O'Brien - Director General of the Health Service Executive, Ireland*** *Title: Healthcare 2016 - A Perspective from the Irish Health Services*						
	9.30-10.30	**Keynote Speakers** ***Mr James Downie - CEO of the Independent Hospital Pricing Authority (IHPA)*** *Title: Activity Based Funding In Australia - Current situation, Future and lesson learned* *Chair : Dana Burduja*						
	10.30-11.00	Coffee Break ***Poster Sessions*** *& Meet the Sponsors*						
		Auditorium *Chair: Terri Jackson*		*Poddle Room* *Chair: Paula Monteith*		*Courtyard 1 Room* *Chair: Alfa D'Amato*		*Dodder Room* *Chair: Brian McCarthy*
	11.00-12.30	**Casemix funding/ payment systems and methods 1**	11.00-12.30	**Costing health care activities and casemix applications 1**	11.00-12.30	**Casemix classification systems and applications for all health care types 1**	11.00-12.30	**Systems/ information to support casemix and integration/ transition**
		Developing hospital performance-based contracting in Lebanon, and the role of casemix and patient satisfaction Jade Khalife		A Big Beast - Patient Level Costing for ABF in Ireland Mark O'Connor		Does HRG4+ appropriately accommodate frail elderly patients in an acute care setting? Jill Cockrill		Charge Data for Recalibration: Choice of Consecutive Years Charges Orathai Khiaocharoen
		Diagnosis-related groups and patient-reported outcomes: Implications for hospital payment policy? Jason Sutherland		A Time-Driven Activity-Based Method for Costing Type 2 Diabetes in an Irish Health Care Context Gerardine Doyle		The Australian emergency care costing and classification study Deniza Mazevska		The Use of Unstructured Text in Finding Transient Diagnoses in Electronic Health Records Karen Pien
		From block grant to Activity Based Funding – The Experience from Ireland Fiachra Bane		Community Costing Programme in Ireland – Getting Started Raymonde O'Sullivan		Procuring AR-DRGs: The investment begins Karolina Kalanj		Web based Hospital Communication via Data Portal Michael Müller
		Development and use of Nursing Related Groups in the Belgian Budget of Financial Means for hospitals. Arabella D'Havé				Evaluation of the severity classification of the Korean Diagnosis Related Groups (KDRG) Sujeong Kim		Casemix360 - Casemix Toolbox for Developers – using cost data to enhance grouping Jesper Iwersen & Sanne Blenstrup Raun Oestergaard

Wednesday

5th Oct 2016

12.30-13.30 Lunch

13.30-14.30 **Keynote Speaker**
Dr. Frank Heimig - CEO of INEK in Germany
Title: Activity Based Funding In Germany and it's impact on Clinical Practice
Chair: Brian Donovan

14.30-15.00 Coffee Break
Poster Sessions *& Meet the Sponsors*

	Auditorium *Chair: Steve Sutch*		*Poddle Room* *Chair: Deirdre Murphy*		*Courtyard 1 Room* *Chair: Kevin Ratcliffe*		*Dodder Room* *Chair: Deniza Mazevska*
15.00-16.30	**Quality of care and patient outcomes**	15.00-16.30	**Coding, terminology and clinical classifications 1**	15.00-16.30	**Casemix classification systems and applications for all health care types 2**	15.00-16.30	**Integrated care models, including across health and social care**
	What information should a hospital board receive about hospital quality Stephen Duckett		Learning for Coding Departments Following a National External Audit of Coded Data Jacqueline Curley		An Australian activity based funding classification for teaching, training and research Joanne Fitzgerald		Integrated Neonatal Care with appropriate funding and its implementation. Jacob Hofdijk
	So, we have our CHADx data. What happens next? Jenny McNamee		Is it possible to represent ICD-11 with SNOMED CT concept model? Jean Marie Rodrigues		A structural review of the AR-DRG classification - moving towards Version 9.0 Vera Dimitropoulos		Measurement of Temporal change of functional and participation status during and after the stay using the ICF Jiro Okochi
	CHADx+: extensions to the Australian Classification of Hospital-Acquired Diagnoses improve its utility in quality improvement Terri Jackson		Who should code? Doctors write good medical records - clinical coders code. Project conducted at Telemark Hospital Trust in Norway Adele Angell		Variation in number of complications and comorbidities in Diagnosis-related groups in acute care hospitals in Stockholm County Council during the period 2005 - 2015 Eva Zeisig		Care Coordination – can it be measured? Karen Kinder
	Clinical Staff Perceptions of Patient Harm and In hospital Adverse Events Amanda Ling		Audit of National Admitted Data - Are we playing on a level pitch? Brian Donovan		RUG-III Plus - A Canadian Adaptation Cristina German & Jeff Poss		A comprehensive casemix system in the Finnish social and health reform – exploring a novel grouper for total episodes in integrated health and social care Mika Linna

17.00-18.00 **Poster Sessions**
Join the presenters of posters as they outline their work

Thursday	8.30-9.00	Registration						
6th Oct 2016	9.00-10.00	**Keynote Speaker** ***Professor Hans Flaatten - University of Bergen, Norway*** *Title: DRG in Critical illness* *Chair: Kristiina Kahur*						
	10.00-10.30	PCSI General Assembly Part 1 and Presentation of Candidates for Election						
	10.30-11.00	Coffee Break ***Poster Sessions*** *& Meet the Sponsors*						
		Auditorium *Chair: Michael Wilke*		*Poddle Room* *Chair: Olafr Steinum*		*Courtyard 1 Room* *Chair: Janette Green*		*Dodder Room* *Chair: Eileen Burke*
	11.00-12.00	**Casemix funding/ payment systems and methods 2**	11.00-12.00	**Coding, terminology and clinical classifications 2**	11.00-12.00	**Benchmarking and comparisons 1**	11.00-12.00	**Health services planning using casemix 1**
		Outpatient rehabilitation: moving from fee-for-service to a patient classification system based payment Claudia Borges		Making the Connection Bringing clinicians and coders together to optimise the quality of hospital activity data. Deirdre Murphy		Is Casemix Adjustment in Primary Care at the Mercy of Coding Quality? Yes... and No. James Barrett		Applying Case Mix Tools in Residential Care Settings Cristina German
		Upcoding Phenomenon in the Largest Social Health Insurance in the World: Case of Indonesia Budi Hidayat		Retention and Roles; Staffing the HIPE coding function in Ireland Marie Glynn		A national French tool for psychiatric benchmarks: RME-Psy Marie-Caroline Clement		Estimating needs for medical subspecialists from activities of complex patient care Supasit Pannarunothai
		Reimbursement in Endoscopy: How Can New Procedures Be Implemented? Markus Rathmayer		Improving the quality of data of the RIM-P: key persons, tools, process and...difficulties Anis Ellini		Medical and economical description of Belgian inpatient stays aged 65 and over and comparison with other inpatient stays Julie De Foor		Forecasting health care utilisation using casemix classifications Jim Pearse
	12.00-13.00	**Panel Session - International Casemix panel** *Chair: Jacob Hofijk*						
	13.00-14.00	Lunch						

Thursday	14.00-15.00	**Keynote speaker** ***Dr. Sanjay Agrawal - Consultant Respiratory Intensivist - University Hospitals of Leicester NHS Trust*** *Title: Engaging clinicians in Activity based funding - from Poachers to Gamekeepers.* *Chair: Junga Shah*						
6th Oct 2016	15.00-15.30	Coffee Break ***Poster Sessions*** *& Meet the Sponsors*						
		Auditorium *Chair: Paula Monteith*		*Poddle Room* *Chair: Alfa D'Amato*		*Courtyard 1 Room* *Chair: Mark O'Connor*		*Dodder Room* *Chair: Steve Sutch*
	15.30-16.30	**Casemix funding/ payment systems and methods 3**	15.30-17.00	**Health services planning using casemix 2**	15.30-17.00	**Costing health care activities and casemix applications 2**	15.30-17.00	**Population-based classification systems and applications**
		Adequately paying for in-patients with dementia - a challenge for hospital reimbursement systems Christian Jacobs		Pure Demographic Effect on Health Service Costs in Ireland Lorna Collins		Using time-driven activity-based costing (TDABC) to cost complex, chronic illness: The case of Dementia Daniel Regan		Population grouper decision support for health care and policy decisions Greg Zinck
		AR-DRG 7 to AR-DRG 8: Classification changes reduce benefits of upcoding in Victorian hospitals Terri Jackson		Activity and Budget Projections; developing a novel approach Kevin Ratcliffe		Costing clinical staff using a mobile data App from the bedside Patrick Power		Using routine data to measure 'hotspots' of potentially preventable admissions Stephen Duckett
		Comparing Nursing Cost Allocation Methods Penny Weeks				A Canadian Example: Using standardized financial data and case mix tools to support costing of health care activities, health services planning and comparison Nathalie Robertson		Beyond Predicting Emergency Admissions: The Advantages of using Multiple Risk Models Chris Morris
	16.30-17.30	PCSI General Assembly Part 2						
	19:30	Conference Dinner (optional) - Royal Hospital Kilmanhaim *Announcement of Elections to the PCSI Executive Committee*						

Friday	9.00-10.00	Registration and Breakfast buffet						
7th Oct 2016		*Auditorium* *Chair: Jiro Okochi*		*Poddle Room* *Chair: Jean Marie Rodrigues*		*Courtyard 1 Room* *Chair: Janette Green*		*Dodder Room* *Chair: Deniza Mazevska*
	10.00-11.00	**Clinical management using casemix**	10.00-11.00	**Coding, terminology and clinical classifications 3**	10.00-11.00	**Benchmarking and comparisons 2**		**Costing health care activities and casemix applications 3**
		Understanding Variation in the Morbidity Burden and Risk in People with Diabetes Alan Thompson		High cost outlier and its influence on the plausibility checks of German National Cost Data Collection Christian Giesen		APR DRG Length of Stay Performance Benchmark analysis in Brazil Marc Berlinguet		Going Beyond Event Based and Catastrophic Care Management: Identifying Persistent and Emerging High Needs Individuals Herbert Fillmore
		Cost effectiveness of PCR-based Electron Spray Ionization Mass Spectroscopy (PCR/ESI-MS) in Pneumonia and Sepsis Michael Wilke		The data collection process established for the German DRG system with focus on data quality through the communication between hospitals and Data Center Mathias Rusert		Sharing Knowledge from an International perspective Emer Gallagher		Comparison between observed and expected costs, of health care given to breast-cancer patients in western Sweden 2009 - 2014 Anna Genell
		Electronic Patient Order Sets Facilitate the Implementation of Activity-Based Funding in Hospitals Chris Collenette		Classifying and Quantifying Chronic Conditions in a population using 10 years of linked coded data Kevin Ratcliffe		Monthly Reporting in an ABF environment - a management tool for hospital and national use Cliona O'Donovan		
	11.00-11.30	Coffee Break ***Poster Sessions*** *& Meet the Sponsors*						
	11.30-12.30	**Keynote speaker** Professor Charles Normand *Topic of presentation: A European and Irish perspective on Healthcare funding and challenges* *Chair: Dana Burduja*						
	12.30-13.00	Official closing of the Conference & introduction of the PCSI 2017 Conference *Chair: Dana Burduja*
